How to Make Panoramic Photographs | B&H Explora

In the days of film, your options for panoramic photos were the purchase of expensive, but very capable, panoramic cameras, stitching images together in a darkroom, or physically cutting and pasting prints together.

What is a panoramic photography?

What is a panoramic photography? Behind this question are hidden multiple realities. Indeed, panoramic photography is very diverse. If everyone agrees to say that it's a photo in a wide format, for some people it's also a wide field of view, for others a virtual tour, and of course your own definition.
