The Myth of Violence and Mental Illness - CMHA Durham

The Myth of Violence and Mental Illness. In today's media reports about mental illness, there is a tendency to emphasize a supposed link between violence and mental illness. News stories regularly suggest that there is a strong connection between mental illness and crime. But the majority of people who are violent do not suffer from mental illnesses. In fact, people with a mental illness are
The Myth Of Mental Illness: The Case Of Asperger's ...
People believe in mental illness because they want to abdicate responsibility and wield power over the vulnerable. Society punishes people who are different. It is true, for example, that many autistics have severe disabilities, and many of them may be different in ways that normal life is impossible. But this in no way proves they are mentally ill.

The Myth of Mental Illness by Thomas Szasz - Psychology

Sustained adherence to the myth of mental illness allows people to avoid facing this problem, believing that mental health, conceived as the absence of mental illness, automatically insures the making of right and safe choices in one's conduct of life. But the facts are all the other way. It is the making of good choices in life that others regard, retrospectively, as good mental health! The
